

HUDSON LATIMER

Halifax, NS | Phone: 786-883-5208 | hudsonlatimer4@gmail.com | [Github](#) | [Portfolio](#)

Technically grounded and leadership-driven developer finishing a final year at NSCC. Specialized in the React ecosystem, leveraging TypeScript and Tailwind CSS to build scalable, high-performance interfaces.

Experienced in balancing technical architecture with organizational leadership as the President of a Canadian non-profit foundation.

EXPERIENCE

President | Noah Latimer Scholarship Foundation

Halifax, NS | 2025 – Present

(Laty's Foundation)

- Designed and engineered the official foundation platform (noahlatimer.ca) to manage secure applications and legal compliance.
- Oversee organizational strategy and outreach for Atlantic Canadian student-athletes.
- Implemented automated workflows for scholarship applications, reducing manual processing time significantly.

Lead Developer | Polyfolio Project

- Architected a high-performance Polymarket Wallet tracker using Next.js and Web3 APIs.
- Optimized reactive state management to handle real-time data visualization of crypto-betting portfolios.
- Integrated complex third-party APIs to provide users with instant insights into positions and P&L.

Frontend Developer | TheWordHub.ca Contract

2026-present

- Developed a complex multi-division architecture for a non-profit empowering food security.
- Built responsive components using Tailwind CSS to ensure accessibility across diverse user demographics.
- Collaborated on the "Humble Harvest" initiative to streamline community resource distribution.

Web Developer | Parker White Training Client

2026

- Delivered a science-based hypertrophy coaching platform with custom programming tools.
- Focused on Core Web Vitals and performance optimization to ensure a premium user experience.

EDUCATION

Nova Scotia Community College (NSCC)

Halifax, NS | 2024 – 2026

Information Technology (Web Programming)

- Focused on Advanced Web Development, Systems Analysis, and Database Management.
- Anticipated Graduation: April 2026.
